Our students shared their transformative experiences:

- Li YeQin, Daniel (6A): “Exploring the rich culture of St John’s College allowed me to connect with like-minded peers who share my dream of studying medicine. Their stories have inspired me to keep striving towards my university goals.”

- Siu Cheuk Kai, Sky (6A): “In such a cozy atmosphere, it was a fantastic opportunity to broaden my horizons, reconnecting with old friends while forging new bonds. The only bittersweet note was missing the chance to taste their famous St John’s milk tea. Still, not everything falls into place at once, and perhaps I shall enjoy a cup this time next year.”

- Li Wing Sze, Venus (6A): “Speaking directly with a Year 4 MBBS student was an invaluable opportunity. He shared authentic university experiences that cannot be found online, giving me a much clearer roadmap for my future.”

- Law Chiu Lam, Tommy (6A): “From touring the residence at St John’s College to experiencing its warm spirit of mutual support, I now look forward to university life even more. Chatting with student hosts and peers gave me practical insights into DSE preparation and my target programme at HKU.”
